No persons will be allowed to leave Paris after [illegible] on the [illegible]th without a special permit. Martial law is practically enforced within the city. The defiance of the commander at Soissons to the Prussians demanding surrender is enthusiastically approved by the inhabitants. The Provisional Government refused to [illegible] any proposition for the surrender of French territory.

Prussia will not negotiate with the present government at Paris. Prussia proposes first to occupy Paris. PARIS Sept 13.—The idea has been started in Berlin of the conversion of Alsace and Lorraine into an independent republic and it is regarded with favor in London. It is looked on as a condition to which both parties can agree.

LONDON Sept 13.—There is good authority for believing that definite propositions for peace will be offered in behalf of the Provisional Government of Paris and that Thiers is authorized to lay them before the British Government. Intervention is solicited on the following terms: Payment to Prussia of war expenses, destruction of all forts in Alsace and Lorraine territory, occupation of Metz and Strasburg by German troops until the election of an authorized government for France and ratification of treaty by the proper authorities.

A correspondent at Hamburg dated Sept 11th writes: There are many indications that the French shortly intend to raise the blockade both in the Baltic and North seas.

An immense crowd cheered with great enthusiasm the Consul and Government.

**Overtures for Peace**

Cable special to the *H[illegible]*:

PARIS Sept 13.—A special dispatch from Hanover says that within the last week advances have been made to the King of Prussia concerning overtures for the conclusion of peace. Official information is given that the King cannot have the means of knowing the authority of persons making propositions, that the time has not arrived to receive them, and that it will be time when the Prussian army has arrived before Paris. The King is still anxious for such a peace as will give safety in the future and will make a formal demand and be ready to receive proposals from the proper authorities.

Eight thousand Prussian pioneers are at Chalons.

Cuirassiers at Chaumy are awaiting the arrival of the army to attack Soissons.

Several thousand Bavarians are in the neighborhood of Vancouleurs.

The Prefect of Laon has been made prisoner and will be taken to Moltke for examination in regard to the cause of the catastrophe. The French General who commanded Laon and is wounded is under guard at the hospital.

NEW YORK Sept 15.—A special dispatch to the *H[illegible]* has some details of an interview between Thiers and Granville which concluded by the expression of an opinion from the former that he saw nothing to be looked for from England and negotiations undertaken by the continental Powers with the hope of her co-operation must probably fall through. It is believed to-night that all hopes of peace must be abandoned and that no treaty will be signed unless in Paris or on the banks of the Rhine.

### FROM THE STATE CAPITAL

[FROM OUR OWN CORRESPONDENT]

SALEM Wednesday Sept 14

Well we now have a new Governor—every department of the State Democratic—and now [illegible] starts out upon a new era. The gross violations of the Constitution by the Rads are no longer to be perpetrated and the wails of Democracy because the [illegible] are not theirs are no longer to be heard in the land. All is to be lovely and the big safe is to be opened—no more fraud nor stealings nor taxes (except for Chinamen). The Constitution is to be made as the [illegible] made it and pesky dusky inferior nigger [illegible] and the like [illegible] after all. The progress of the last decade is to be ignored, the interpolations into the Constitution vulgarly and unlawfully called amendments—are to be as if they had never been and the tide which began in Oregon to swell backward toward the dark ages is to roll and roll backward till everything shall be again landed as far back at least as the year of our Lord 18[illegible]8. No period less remote has any charms for the Democratic mind. What is there but trouble in these new fangled and [illegible] about the equality of all men, an idea put in the Declaration of [illegible] merely to make a roundly swelled period without the remotest expectation that any man in any age would be an Democratic or ant Republican enough to believe in it except on 4th of July orations. Not to put too fine a point on it niggers and Chinamen in Oregon, are now to catch a foretaste of that place to which all orthodoxom consigns the wicked [illegible] unfriendly legislation is [illegible] the Chinaman and the 13th 14th and 15th amendments being null and void the niggers to be put down according to the forms of law and the might of superior Caucasian muscle. At all events something like all this is the picture to the contemplation of which Gov Grover's Inaugural invites us.

The inauguration to-day was conducted with such pomp and ceremony as could be improvised by the committee nobody having taken the trouble to prepare anything in that line in advance. Altogether however the committee being a very competent one the affair was quite well managed. The dress circle of the Opera House was filled with a few of the chivalry and a regular crush of the beauty of Salem. It was the best looking [illegible] of faces figures and [illegible] audience I have ever seen at the Capital. The gallery looked for all the world like a vast bouquet. There was a slight demonstration of applause when Mr Grover was introduced and another when he propounded his rather [illegible] joke—about the equitable adjustment of the financial affairs of the State. Beyond this the enthusiasm of the audience was not subjected to any very severe strain. The affair was as cold as Grover and as respectably dignified as Democracy ever is. There was but little crowd in the street, no demonstration during the march save a few cannon shots on the Plaza by order of the committee not a huzza nor a shout. A circus wagon even without a lion couchant would have excited as much commotion. The entire exercises occupied about an hour and a half.

Upon the return of the Senators to their chamber the wags of that body to compensate themselves for the tediousness of being dignified for the [illegible] of ninety minutes resolved themselves into a Third House and provided at once for refreshing the Democratic inner man. Mr Trevitt was called to the chair. On motion of Mr Hendershott the Marshal of the day Senator Brown, was arrested and brought in. And then on motion of Mr Hendershott it was resolved that the Marshal of the day be requested and required to furnish each member of the Third House with a whisky straight. The resolution was carried by an enthusiastic and unanimous aye and the President declared the Third House adjourned. The Marshal Mr Brown can take a joke, and he [illegible] very resignedly but revenged himself upon [illegible] by borrowing on the way to Bascom's, all the money [illegible] had.

The legislative proceedings to-day were rather more [illegible] than important. The committees as was expected are constituted with a view to secure the return of Democratic views upon all questions referred to them. I hear no complaint on any side. The Senate committees at least are very well constituted. The first vote divided upon party lines was that in the Senate upon the House Joint Resolution to supply each of the members with two dollars worth of postage stamps. The resolution was defeated by eight Republican noes to ten Democratic ayes. Mr Trevitt has the honor of having got the first bill before the Senate but several others were hard after him with notices of bills which they intend to introduce. It will be seen that Mr Fay proposes to go again after the Celestials under the designation of unnatural and foreigners and Mr [illegible] proposes to have the election laws fixed up I presume in regard to the manner of voting.

Mr Crawford is still absent at Portland detained as is supposed by the illness of his son. Mr Stout has not sufficiently recovered to take his seat and since the first day of the session Mr Pershbaker of Coos and Curry has been absent on account of illness. Judge Olney is in very feeble health and attends or remains in his room, adjoining the hall as the occasion may require.

It is too early to speak with certainty in regard to the leadership in either House. Mr Stout if present and in health would unquestionably be the leader on the floor in the Senate. Mr Baldwin is frequently on his feet and may have some idea of being a leader but he will not succeed. Mr Fay exercises unquestionably a powerful influence in the councils of his party and if occasion requires I make no doubt he will be found with his hands full of leading strings in the Senate. In the House Mr Whiteaker is the present leader on the Democratic side though the position is going to be sharply contested by two or three others among them Mr [illegible] and Mr Helm.

In regard to the Senatorial question nothing definite has been arrived at [illegible] there has the [illegible] [illegible] This comes [illegible] of their mistrust of one another. At all events the outsiders know less now than they did at the beginning of the session whether Kelly is ahead or whether the other fellow has the best of it and I doubt seriously whether Democrats are a whit wiser.

The time table for stages leaving here in the afternoon to connect with the cars has been changed to half past three and it is stated that conductors of trains have received orders to run no faster than ten miles an hour on all the road this side of Aurora. This carries a trip to Portland in the afternoon late into the evening. Morning time is the same as before.

LATER. The Inauguration having been a poor occasion for the display of the peculiar style of Democratic enthusiasm the band was got out this evening and paid for a complimentary [illegible] Gov. Grover at the Union Hotel. The Governor being called, came out and made a speech of a few minutes followed by Mr Fay and Mr [illegible] Col Kelly having business elsewhere did not put in an appearance. The affair was [illegible] which the crowd [illegible] Toward the last there [illegible] enthusiasm unmistakeably. The [illegible] happening entirely by accident as [illegible] the master of ceremonies [illegible] to your correspondent as he would have been glad to do and so the [illegible] reported. FRIDAY MORNING SEPT 16 1870

### Gov Grover's Law Learning

A Governor of a Commonwealth should be a man of some intelligence and of much truth fairness [illegible] His official utterances should not be [illegible] the language of bigoted partisan [illegible] [illegible] at variance with facts He should know something of the laws of the country and the constitutional powers of the Government and should be above [illegible] of misleading upon these subjects people who may be disposed to give to his statements as Governor more consideration than they would give to his arguments as a politician Such a man however is not Gov Grover In those parts of his inaugural address where he talks of Chinese immigration the Burlingame treaty and the rights of the States to regulate and control foreign immigration he shows either that he is entirely ignorant of the subject, or that it is his intention to misstate facts with a hope of making capital for his party He devotes half of his address to this subject as if he supposed it to be the one great object of public attention overshadowing every other question now before the public mind In this he greatly errs The people of Oregon care nothing about the subject, in the view in which he has presented it. Only the politicians agitate it All intelligent people have discernment enough to know that there is nothing in it that should alarm them but such politicians as Gov Grover continually act as if they supposed all people to be gullible fools, who can be taken by the bait so industriously thrown them

But though very little interest is felt in the demagogue's effort which Gov Grover has made to build up his party by appealing to the lowest ignorance and prejudice that exist among us, it is really a matter of some importance to everybody to have correct information on some of the topics he has touched in his discourse Many of his statements are so unfounded as to call for examination and correction

Mr. Grover says that "our Government was framed upon the idea that the States had the right to admit or exclude such persons as they should deem proper" A Governor ought to know that the power to regulate intercourse with foreign nations has, since the adoption of the present Constitution, rested exclusively with Congress He ought to know, furthermore, that every attempt on the part of any State to limit control or regulate this intercourse has been arrested by the Supreme Court of the United States The power to regulate commerce, expressly vested in Congress by the Constitution, includes this whole subject. One branch of that power is that relating to the intercourse of foreigners with our own people The highest tribunals have always so held Authorities in abundance can be cited to prove that the States have no control whatever over the subject They can neither shut out any foreign people as foreigners, nor impose any special tax on them on their arrival If Gov Grover does not know this he should endeavor to learn it

Again he asserts that the States had rights and powers in the matter that the Burlingame treaty has taken away This declaration is as absurd and unfounded as the other The Burlingame treaty does not affect the rights of the Chinese in this country in any material particular It has neither enlarged nor abridged them It gives them no right as to immigration and residence that they did not possess before Does not Gov Grover know that Chinese came to this country and resided in it for years before the Burlingame treaty was thought of? Does he know (in charity we will suppose he does not) that sundry attempts by the State of California to abridge their rights and to prevent their immigration were promptly checked on constitutional grounds, by the Supreme Court of that State then a Democratic tribunal? Long before Burlingame ever saw China the people of that country had been coming here, and no State could stop them California had tried it but failed The undeniable fact is that the Burlingame treaty makes no difference in the status of Chinese in our country and does not abridge the right of any State to exclude them. The Constitution itself, as the highest tribunal has declared, confers this power solely on the General Government So that if the Burlingame treaty were annulled to morrow Oregon could not restrain the immigration of Chinese, any more than she could shut her doors against any other class of foreigners.

It is pitiful to see a man in Gov Grover's position making such an effort to inculcate error, simply for partisan purposes But knowing that a considerable portion of the Democratic party feels instinctively that it must have a hobby of races that being rather low itself, its salvation depends on the idea that there must be a race still lower that it can look down upon the Governor attempts to minister to this prejudice and if he can only make his point he does not trouble himself about the truth and correctness of his assertions

### France and Austria.

An account of transactions between France and Austria in 1866 will possess considerable interest at present It is stated by a writer at Vienna that immediately after the disastrous battle of Sadowa the Austrian Premier appealed to France for assistance for the defeated empire of the Hapsburgs Louis Napoleon asked "What do you wish that I should do for Austria" The answer was returned that a French army on the Rhine and a French fleet in the North Sea would be of great service to Austria in obtaining favorable terms of peace To this the French Emperor answered "I am not prepared for such an enterprise In your negotiations you will find me, Austria will find France" No military help was offered or promised and Austria had to take care of herself

But recently the conditions were changed The French had lost several battles, and it began to be evident that they would be overwhelmed if they did not obtain help So just after the terrible fighting around Metz the Empress Eugenie made this request of the Austrian Minister at Paris "In the name of the Emperor I beg of you to ask your Government to do something for us in this moment" The reply received from Vienna was "It is too late for military, and too early for diplomatic intervention" The diplomacy of France has been about as badly managed as her military affairs

Vice President Colfax has written a letter declaring it to be his unalterable intention to retire forever from public life at the close of his present term of office

### The Military System of France

A [illegible] Gen Trochu [illegible] pamphlet [illegible] 1867 [illegible] of the [illegible] system of France [illegible] the contents of this pamphlet had been received [illegible] proper spirit by the Emperor and [illegible] suggestions carried out, a large [illegible] of the [illegible] Gen Trochu [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] officers with no experience whatever in the purchasing and forwarding supplies were assigned to duties that they knew nothing about Here is what Gen Trochu said in his pamphlet:

Under the system which prevails now a days all such functionaries without exception before entering upon their public business have been through long years the years of youth, when men learn and study with most fruit—officers and non commissioned officers in the army With ten or fifteen years of practical and professional experience—what do I say —of thirty or forty years of such practical experience for we see Generals of Brigade, not unfrequently at the last stage of the career becoming Intendant Generals that is to say the arbiters for the next war of the existence of our troops in the field It is idle to search through the whole scope of the public affairs of France for a more astounding specimen of blunder.

In the Italian campaign the French soldiers Gen Trochu asserts, were for days without bread In the Crimea a mercantile house stepped forward and by individual enterprise saved the army from perishing for want of supplies The medical department of the French army both in Italy and the Crimea was continually at its wits ends The Surgeon in Chief of the Guard writing from Milan on the 10th of May 1859 said:

No litters no ambulances, no wagons I have begged hard for chloroform and perchloride of iron nothing has as yet been given me

He wrote again from Valeggio on the 7th of July

For the last fortnight some regiments have only once or twice had bread, and even then it was mouldy and of a very bad quality Wine has completely failed there has been scarcely any issue of it

On the 2d of July an officer wrote to the Emperor himself from Castiglione

Sire, the wounded of Solferino who were wounded here, have never yet had their wounds dressed, for want of supplies. We have lint but no linen, no sheets no sugar, no provisions

The officer who intelligently pointed out these abuses, and the means of reforming them lost the confidence of the Emperor His pamphlet was considered an insult to the Government and the inefficient system continued till it culminated in the total destruction of the French army

Gov Grover expresses the opinion that the fourteenth and fifteenth amendments to the Constitution have never been legally sanctioned Why he did not say as much with regard to the thirteenth amendment we are unable to conjecture For if the other two have not been legally sanctioned this one is in the same condition All three were proposed by Congress in the same way and ratified by the States in the same way The thirteenth amendment made the colored man free the fourteenth made him a citizen, and the fifteenth made him a voter According to Gov Grover's logic since the colored man is not legally a citizen and a voter he is not legally free The Governor's inaugural in nearly every feature represents the azoic age of Democracy

---

The process of increasing the Democratic majority in the Legislature has begun Senator Herman of Douglas county has been voted out, and Mr Mosher who has not a shadow of a claim to the seat has been voted in We can only say that we fully expected it and expect numerous other transactions of the same sort But the majority might as well make short work of it by voting all the Republican members out of both Houses at once

---

No doubt the Legislature will soon give us many specimens of hasty foolish partisan and totally unconstitutional and inoperative legislation It is too much to expect that a Democratic Legislature will refrain from trying to overthrow the constitutional amendments, and from other kindred acts It must run a tilt against all that has been accomplished during the last ten years or give up its claim to genuine Bourbon Democracy

A MARRYING MACHINE It is stated that some inventor has forwarded a marrying machine to the Patent Office at Washington The notion is that the marriageable people of a social circle or district are to put their respective names written on cards into the machine upon setting it in operation the majority of the cards are ground to impalpable powder but a few are turned out and paired by inexorable fate Commenting on this fact a writer says this new fangled invention cannot equal the method of the olden time when the lads and lasses gathered around the glowing hearth the andirons were cleared from the blazing logs and the boys arranged the bars upon one andiron and the girls on the other Each chestnut represented one individual—the one who placed it there and the heads came very close together over the mid while the hands were placing the chestnuts on the respective bars The chestnuts were left to roast There was no hope for those that exploding fell into the fire Those who flew out of the chimney place into the room had another chance but those who sat upon the bars were inevitably and irrevocably mated It is only requisite in the beginning that the chestnuts should be examined to see that they were sound and that there were no holes in them The test was perfectly fair and the advantage was that the chestnuts themselves [illegible] the question

KILLING ANOTHER GOOSE —Another subject presents itself to the Portland Board of Trade, in a remedy for the preservation of the Puget Sound trade, which was so promising to Portland last spring We are somewhat surprised at the knowledge that this trade has been turned to San Francisco —at all events the domestic produce part of it— by any action on the part of merchants here The prices of freight from San Francisco to points on the Sound are merely nominal it is true, owing to the fact that the export trade in lumber there is largely in excess of the importing interest, and vessels offer [illegible] go in ballast than with cargo — but when [illegible] [illegible] it does seem to us that this portion of the coast ought to control the trade by some measures

PARK LOTS SOLD —Thirteen of the Park lots were sold at auction yesterday morning by Ferry & Russel [illegible] to the following parties Between Washington and Alder streets—two lots on Washington street to Gen L Banm, for $3 040 two lots on Alder street to Geo Woodward, for $2,750 Between Alder and Morrison sts two lots on Alder street to C O Clark, for $2,900 two lots on Morrison street to John B Garrison for $2,650 Between Morrison and Yamhill streets —on Morrison street one lot to P D W Hardenburg, $1 475 one lot on Yamhill street to W E Cooper, $1 500

DEPARTURE OF THE CALIFORNIA.—The North Pacific Transportation Company's steamship *California* Capt Fred Bolles sailed for San Francisco last evening with the following passengers Edmond A Lenord L Baemyer G J Ainsworth Mrs C S Stevens two boys and two infants, Phil Morris, J Burns F M Warren, Dr Ames and wife James C Sm[illegible]ck and wife Miss Linge, Mrs J W Baldwin John Tucker Miss Jennie Wilson Dr Scott and wife J S Rodgers and wife, C Jatte and wife F Dustin A Dustin C Dustin, Col West, Wells Fargo & Co's messenger and thirteen in steerage

SONOMA FRUIT —We observed at O Connor's yesterday some of the finest fruit which has ever reached this market —grapes from the Sonoma Vineyard The freshness of this fruit, both in appearance and to the taste is accountable by the method of its being packed in six pound boxes which are then encased in packages of 18 boxes each The true secret of getting the best price for everything is the manner of packing People delight in fruit when it comes to market in such condition as this

CONVOCATION —The annual convocation of the clergy and laity of the Protestant Episcopal Church in the Mission Diocese of Oregon and Washington Territory commences at Trinity Church at 10½ A M to day Preliminary services were held last evening at the same place at which time a most excellent discourse was delivered by Rev C F Bonnell of Salem on the article of the creed "I believe in the Holy Catholic Church" Services will be held this forenoon at 10.30 and this evening at 7 30—also to morrow morning at [illegible]

GOOD TIMES —From no place in Oregon do we hear that times are dull Prosperity seems to abide in every quarter The trade of Portland has never before been better than for the season of 18[illegible] The $80 000 or $100,000 per month disbursed by the Oregon and California Railroad Company must have something to do with this at least the best part of our commercial and mercantile community say so

FROM ALASKA The Oregon vessel captured at Alaska by the United States officers for illicit traffic has arrived in the Columbia river in charge of a Revenue officer and will reach this port to day Lieut Wm Kapus late of this city Collector of [illegible] at Sitka was the means of reducing this craft to her present condition

FROM HONOLULU —The barkentine *Jane A Falkinburg* Capt Cathcart, 19 days from Honolulu Sandwich Islands arrived in this port at 11 o'clock last night in tow of the steamer *Okanogan* 18 hours from Astoria The bark brings a full cargo of sugar various grades and some tropical fruits

WHEAT The average amount of wheat daily consumed by the [illegible] milling mills of this city is about 500 bushels For this supply the mills have been compelled to depend upon wagons and this having [illegible] them the owners will be obliged to [illegible] [illegible] until supplies reach the city from the valley

## CITY.

THE HOLY LAND.—Rabbi H. Z. Sneersohn, of Jerusalem, visits Oregon, having arrived by the steamship now in port, for the purpose of delivering a few lectures upon the Holy Land, the first of which will be given at Beth Israel Synagogue some time next week. The lectures are highly commended by the press, wherever the Reverend gentleman has spoken; from one among which we quote the following: "The lectures of the learned Rabbi are specially interesting by the peculiar manner in which he understands to bring the reality vividly before the minds of his audience; it is partly owing to the Oriental costume which he wears on these occasions, partly to the language he employs. His language is biblical and at times highly poetical. It is as if the Holy Land itself was addressing us. A review of the [illegible] events of the last years, participated in by the Rabbi was highly interesting. They were described with oriental vividness, as well as his description of the manners and customs of the [illegible], and of the cave of Machphela. His English was fluent and distinct." While in Washington City, accompanied by Dr. Samson, President of Columbia College, and A. S. Solomons, Esq., he had a prolonged interview with the Secretary of State relative to the present condition of the Israelites in the Holy Land, about which the Chronicle says: "The learned Rabbi [illegible] of Jerusalem for the past 26 [illegible] was eloquent in depicting the condition of his people, and the grievances under which they labor, on account of having no government of their own or recognized foreign counsel to appeal to in case of need, which is by no means infrequent. The Secretary sympathized with the Rabbi, and expressed his entire willingness to render his people all assistance consistent with the enlarged and progressive spirit of the Government."

REAL ESTATE.—The following transfers of real estate were reported yesterday:

PORTLAND.

John H. Couch and wife and Geo. Flanders and wife to A. D. Tufts; lots 5, 6, 7 and 8 in block 34, Couch's addition; warranty deed; consideration, $100.

EAST PORTLAND.

[illegible] Homestead Company to P. J. Martin; [illegible] block 139; warranty deed; consideration, [illegible]

[illegible] Tibbetts and wife to Oliver Van Dwyer; [illegible] blocks 35 and 36 in Tibbetts' addition; [illegible] deed; consideration, $300.

[illegible] Loewenburg to Louis Einstein; lot 5 in [illegible] 116 in East Portland; warranty deed; consideration, $230.

COUNTY.

[illegible] W. Spooner to John Switzler; lot 1 in [illegible], township 2, north of range 1 east, [illegible] thirty and a fraction acres; quit claim [illegible] consideration, $119.

[illegible] ANOTHER GOOSE.—Another subject presented to the Portland Board of Trade, is a remedy for the [illegible] of the Puget Sound trade, [illegible] so promising to Portland last spring. [illegible] somewhat surprised at the knowledge [illegible] this trade has been turned to San Francisco [illegible] the domestic produce part of it—[illegible] as the part of merchants here. The [illegible] freight from San Francisco to points on [illegible] merely nominal, it is true, owing to [illegible] the export trade in lumber there is [illegible] in excess of the importing interest, and [illegible] go in ballast than with cargo,—[illegible] this is so it does seem to us that this [illegible] of the coast ought to control the trade by [illegible]

[illegible] LOTS SOLD.—Thirteen of the Park lots [illegible] at auction yesterday morning by Ferry [illegible], agents, to the following parties: Between Washington and Alder streets—two lots on [illegible] street to Gen. L. Baum, for $3,040; [illegible] Alder street to Geo. Woodward, for [illegible] Alder and Morrison streets—[illegible] on Alder street to C. O. Clark, for $2,900; [illegible] Morrison street to John B. Garrison, [illegible]. Between Morrison and Yamhill streets [illegible] street, one lot to P. D. W. Harden-[illegible]; one lot on Yamhill street to W. E. [illegible] $1,500.

[illegible] OF THE CALIFORNIA.—The North [illegible] Transportation Company's steamship California, Capt. Fred. Bolles, sailed for San Francisco [illegible] morning with the following passengers: [illegible], J. E. Bussoyer, G. J. Ainsworth, [illegible] Stevens, two boys and two infants, Phil [illegible] Burns, F. M. Warren, Dr. Ames and [illegible], James O Smock and wife, Miss Lingo, Mrs [illegible], John Tucker, Miss Jennie Wilson, [illegible] Scott and wife, J S Rodgers and wife, C James [illegible], F Dustin, A Dustin, C Dustin, Col West, Wells, Fargo & Co.'s messenger, and thirteen in [illegible]

SONOMA FRUIT.—We observed at O'Connor's yesterday some of the finest fruit which has ever reached this market,—grapes from the Sonoma [illegible]. The freshness of this fruit, both in [illegible] and to the taste, is accountable by [illegible] of its being packed, in six-pound [illegible], which are then incased in packages of 18 [illegible]. The true secret of getting the best [illegible] everything is the manner of packing. [illegible] in fruit when it comes to market in [illegible] condition as this.

CONVOCATION.—The annual convocation of the [illegible] laity of the Protestant Episcopal [illegible] in the Mission Diocese of Oregon and [illegible] Territory commences at Trinity [illegible] 10½ A. M. to day. Preliminary services were held last evening at the same place, at [illegible] a most excellent discourse was delivered by Rev. C. R. Bonnell, of Salem, on the [illegible] the creed: "I believe in the Holy Catholic Church." Services will be held this forenoon [illegible] and this evening at 7:30—also to-morrow morning at 7.30.

[illegible] TIMES.—From no place in Oregon do we [illegible] times are dull. Prosperity seems to [illegible] every quarter. The trade of Portland [illegible] before been better than for the season [illegible]. The $80,000 or $100,000 per month disbursed by the Oregon and California Railroad [illegible] must have something to do with this—[illegible] the best part of our commercial and mercantile community say so.

[illegible] ALASKA.—The Oregon vessel captured at [illegible] by the United States officers for illicit [illegible], has arrived in the Columbia river, in [illegible] a Revenue officer, and will reach this [illegible] day. Lieut. Wm. Kapus late of this city, [illegible] of Customs at Sitka, was the means of [illegible] this craft to her present condition.

FROM HONOLULU.—The barkentine Jane A. [illegible], Capt. Cathcart, 15 days from Honolulu, Sandwich Islands, arrived in this port at 11 o'clock last night in tow of the steamer Okanagan, [illegible] from Astoria. The Falkinburg brings a [illegible] cargo of sugar of various grades, and some [illegible] fruits.

WHEAT.—The average amount of wheat daily [illegible] by the two flouring mills of this city is [illegible] 800 bushels. For this supply the mills have been compelled to depend upon wagons, and [illegible] having failed them, the owners will be [illegible] to shut down until supplies reach the city from the valley.

"FROU FROU."—Augustin Daly's latest sensational comedy "Frou Frou," will be produced at [illegible] Theater in this city on Saturday evening. The accomplished and popular artiste, Miss [illegible] Hinckley, will make her first appearance [illegible] this occasion, supported by the full Oro Fino [illegible] company.

THE RAINBOW.—A woman known as Maggie [illegible], keeper of a saloon on the corner of Third and Taylor street, known as the Rainbow, was sent to jail yesterday upon examination before Justice Anderson, to answer at the Circuit Court for robbing a man at her saloon of $40.

CAPTURED.—The Okanagan last night had on board a splendid live specimen of the black-tail [illegible], which was captured just off Three Tree Point, in the Columbia river, on the trip up from Astoria yesterday.

COMING HOME.—We are informed that Senator Corbett and family left on Wednesday, September [illegible] for their home in this city.

POSTPONED.—The excursion to Vancouver by [illegible] Hinsdale has been postponed. See [illegible] ment.

PARROT FOUND.—The parrot lost by Dan Ca-[illegible] has been discovered and will be captured to-day.

[illegible] "[illegible] GLUE," mends Furniture, Toys, Crockery, [illegible] work.

## THE OREGON LEGISLATURE.

### Sixth Biennial Session.

### HOUSE Morning Session.

The House was called to order at 10 o'clock by the Speaker.

The roll was called and all the members were recorded present.

Prayer was offered by Rev. Joab Powell, of the Baptist Church, of Santiam.

The Journal of yesterday was read, corrected and approved.

MR. DUNBAR'S SEAT.

Mr. Dorris offered a resolution for the appointment of a special committee of three to inquire into the eligibility of W. R. Dunbar, of Marion county, to occupy a seat upon the floor of the House, the committee to have power to subpœna witnesses and administer oaths.

Mr. Hare moved to amend the resolution by instructing the standing Committee on Elections to investigate the matter.

Mr. Whalley raised the point of order that the Committee on Credentials having reported Mr. Dunbar entitled to a seat in the House it could inquire no further into the matter.

Mr. Dorris contended that the proper way to try the right to a member to a seat would be by a committee. He regarded the report of the Committee on Credentials merely as a temporary decision preparatory to the organization of the House. If afterwards a member should be supposed or thought disqualified for any reason, such as being a felon, the House would certainly have power to investigate his eligibility as a member, he preferred that a select committee should investigate the question instead of the standing committee.

Mr. Whalley regarded the report of the Committee on Credentials as vesting a right to a seat, in which Mr. Dunbar could only be tried in the manner provided by law, after notice of contest. Any other course would be out of order.

Mr. Whiteaker had not heard of any intention to offer such a resolution, but he thought it legitimate, and that it could do no harm.

Mr. Grant understood the ground upon which Mr. Dunbar was thought to be ineligible, to be that of non-residence. He read the provision of the State Constitution relative to residence, and expressed a wish to see the matter fairly investigated.

Mr. Dunbar—I desire to make some remarks on this question.

Mr. Dorris—I raise the point of order that no gentleman should be allowed to speak upon any question in which he is interested.

Mr. Grant—I think the gentleman from Linn, (Mr. Dorris) is mistaken on that rule. It relates to voting and not to speaking. I think the gentleman should be allowed to take his own part in this matter. [Laughter.]

Mr. Dunbar—I do not wish to make a speech upon the proposition to raise the committee. The gentleman from Linn (Mr. Dorris) was rather hasty. I wish simply to say that I desire that my right to a seat in this House be duly investigated. If I have no right to sit here I do not desire to exercise it. If I have, my duty to my constituents as well as myself, demands that I should assert it, and I feel that justice requires a fair and full investigation of the question.

Mr. Hare moved to refer the matter to the committee on Elections.

On the adoption of the resolution the ayes and noes were called for.

Mr. Olney—The Committee on Elections is appointed to investigate questions of election, but not questions relative to the eligibility of members.

A special committee, consisting of Messrs. Dorris, Whalley and Caldwell, was appointed to inquire into the eligibility of Mr. Dunbar, from Marion county, to a seat in the House.

Mr. Davenport moved to discharge the special committee of which Mr. Helm is Chairman, appointed yesterday to report upon the Benton county contested election case. After some discussion the motion failed—ayes 21, noes 23.

The latter questions may arise in cases of contestants and they may not. As the Committee on Elections is charged with much business already, I shall vote for this proposition to refer the matter to a select committee.

Mr. Hare's motion failed—ayes 20 and noes 23.

The resolution was adopted and Messrs. Dorris, Whalley and Caldwell were appointed on the committee.

### SENATE—Morning Session.

SALEM, Thursday, Sept. 15.

The Senate was called to order at 9 o'clock A. M. by President Fay.

The roll was called and all the members were recorded present except Messrs. Burch and Stout.

Prayer was offered by the Rev Joab Powell, of the Baptist Church, of Scio, Linn county.

The journal of yesterday was read and approved.

Mr. Lieuallan called attention to the misspelling of his name in the blanks, and in the committee appointments.

Mr. Hoult said his name had been misspelled Holt.

Mr. Brown, of Baker—I understand there was a mistake in the number of copies of the Governor's message and inaugural ordered printed by the Senate yesterday.

A MESSAGE FROM THE HOUSE

Returning S. J. R. ordering 1,000 copies of the Governor's Message and 500 copies of the Inaugural printed, with an amendment inserting 1,000 instead of 500 copies of the Inaugural.

Mr. Cochrane—I know of no shorter way than to notify the House that there has been a mistake made in transmitting the resolution from the Senate to the House, the Senate having passed the resolution in the same words as returned from the House.

Mr. President—The Clerk will notify the House of the mistake.

Mr. Hendershott—As there is nothing of importance before the Senate, and I have business on committee, I ask leave of absence until 2 o'clock.

By unanimous consent leave of absence was granted.

President Fay—There is no business before the Senate.

On motion of Mr. Cornelius the Senate took a recess until 2 P. M.

### SENATE Afternoon Session.

SALEM, Oregon, Sept. 12.

President Fay called the Senate to order at 2 P. M.

Mr. Hendershott, from the Committee on Elections, reported in the Douglas county contested election between L. F. Mosher and Binger Herman on the part of the majority, and Mr. Cornelius presented the report on the part of the minority.

MAJORITY REPORT.

Mr. President, your Committee on Elections to whom was referred the contested case of the Senatorship from Douglas county, between L. F. Mosher, contestant, and Binger Herman, sitting member, beg leave to submit the following report: That said Binger Herman, sitting member at the date of this election, June, 1868, held the office of Deputy Collector of Internal Revenue, a lucrative office under the United States Government, and that he has continued to hold the said office, and exercise the duties and receive the emoluments of the same up to the present time. That Article 2d, Sec. 10 of the Constitution of this State, declares that no person holding a lucrative office or appointment under the United States or under this State shall be eligible to a seat in the Legislative Assembly. That L. F. Mosher, contestant at the general election, held in June A. D. 1870, received a majority of the votes cast for State Senator, from Douglas county, and is therefore entitled to the seat now occupied by the said Binger Herman.

Signed, JAMES HENDERSHOTT.
B. F. HOLTZCLAW.

MINORITY REPORT.

The Committee on Elections have had under consideration the contested seats in this body, from the Senatorial district embracing Coos, Curry and Douglas counties, State of Oregon, and the minority report thereof: Your committee herein respectfully represent that L. T. Mosher, contesting the above mentioned case, is not entitled to the seat occupied by Binger Herman, the sitting member from said district, for the following reasons: First, because the election was irregular, and the record on file in the office of the Secretary of State and also of this Senate, show that said Binger Herman was duly elected a member of this Senate for the term of four years, and that in the session of 1868 he was admitted and qualified without objection, and is still such member; second, that no vacancy has ever been declared, as required by section 15 of the election laws of Oregon; third, that no writ of election was issued by the Governor, as provided by section 17, article 5 of the Constitution of Oregon; fourth, that no notices of election were ever given to the legal voters of said District or any part thereof, that an election for State senator would be held at the time said Mosher claims his election, as required by the election laws of Oregon, section 6, Title 11, and that therefore said election is null and void and a fraud upon the legal voters of said District, secondly, that no grounds exist for such contest as is claimed by the contestant, because, first, that a Deputy Collector is not a lucrative office or appointment under the United States or under the State of Oregon; second, that under the United States Constitution, sec. 2, Art. 1, it is provided that all officers under the United States can only be appointed by the President and Senate, the President alone, the Courts of law, or at the hands of Departments third, that as a Deputy receives no appointment from any of such departments, neither directly or indirectly, but from the Collector for the District of Oregon alone, and to whom he is alone responsible, his position is not a lucrative office or appointment under the United States, but simply that of an employee or agent, fourth, that a Deputy receives no stated salary or compensation, and holds no definite time [illegible], subject to the discretion and pleasure of the Collector who employs him, and compensates him from his own salary, fifth, that the Supreme Court of California, under a prohibitory clause in the State Constitution similar to our own, has decided in 20 Cala Supreme Court Reports, page 11?, that Congress has no power to vest in a Collector the appointment of an inferior officer under the United States, and also that a deputy is not an officer in a constitutional sense, and in the case of Lindsey, United States Attorney General, reported in 33 Miss. reports under a like constitutional clause, it is held that an agent, employee or deputy is not an officer under the United States, and the claim is informally held in other cases. your committee in the minority recommend that this Senate declare L. F. Mosher not entitled to a seat in the Senate, and that B. Herman continue the sitting member from Douglas, Coos and Curry counties. Signed T. R. CORNELIUS.

Mr. Cornelius moved to adopt the minority report.

Mr. Herman—I will explain the relation which I held to the Revenue Department and to the Senate. I was appointed Deputy Collector of Internal Revenue for Coos, Curry and Douglas counties in 1867, by Mr. Crawford, and gave him, and not the United States Government, a bond, and was to receive my pay from him out of his own funds. In 1868 I was elected to the Senate, and at the time we mutually understood the relation I then bore to the Revenue Department, and the clause in our State Constitution inhibiting any person holding an office under the United States Government. After a fair canvass, I was elected, and my opponent did not contest my right to a seat here. My name is not on the bills of any department of the Government as an officer. There is a distinction between a Deputy Revenue Collector and a Deputy Assessor. The first is subjected to the will of Collector; the second may be considered indirectly as the appointee of the head of the department to whom his appointment is returned. The Deputy Collector holds the relation of attorney to the Collector, and as such can bind him, but not the Government, to which the Collector alone is responsible, as well for the acts of his Deputy as for his own failure.

My friend, the Senator from Wasco, is, under that construction, a United States officer, as he receives an appointment from a Major in the United States service, and the Senator from Clackamas is Deputy Surveyor, and both Senators are ineligible to seats. The laws of Oregon, page 709, sec. 15, will show that Capt. Mosher's election was irregular and unauthorized. If any office become void, this body must declare it so before there could be an election. On page 111, in the State Constitution, we find the Governor shall issue writs of election. No writ of election was issued in this case. The electors of that District had no notice as required by law, and, were surprised when called upon to vote. When Mr. Mosher was running in the counties of Coos and Curry no votes were cast for Senator, as they had not heard that there would be any effort to elect one. A distinction is made in the income tax of five per centum deducted from the salaries of the United States officers. In my case there is no deduction. If I was an officer, why was I not required to take an oath as other officers are?—Article 2, Sec. 27, of the Constitution of the United States. There are four parties who appoint United States officers, and from neither have I received appointment. Upon this point I reply that when the appointing power is distinctly specified, no other persons can create an officer of the Government. In the California Reports, page 113 20, a gentleman was appointed Inspector for Klamath District, and afterwards elected Judge. It was held, with a similar inhibitory clause in their case, that the two offices were not incompatible and that duty is not an office. Wirt and Legare have given their opinion that a deputy is not an officer of the Government, in 33 Miscellaneous Reports, page 518; with a clause similar to our own in their Constitution; as it was held that a pension agent is not an officer of the Government, nor prohibited from holding office under the State Government. The Delano letter merely says what the custom of his officers was, without deciding anything at issue. He says it is a matter of doubt. If so, I am entitled to the benefit of the doubt. It was my custom to sign receipts as deputy, first writing the name of the Collector on the receipt I gave, but it was an oversight, an exception; yet, being known as agent, I could bind the principal. I ask you to weigh the authorities I have presented with the same deliberation that you would the argument of the opposition.

On motion of Mr. Brown, of Baker, Mr. Mosher was allowed to reply to Mr. Herman.

Mr. Mosher—I shall follow the gentleman in the line of remarks that he has made, rather than the course I had intended. He says there should be a declaration of vacancy before there could be an election. This would work a hardship. A Senator might die thirty days before the time set for commencing, and, in accordance with the logic of the gentleman, the county must go without representation. [Here the wire broke.—OPERATOR.]

BEAUTIFUL LANGUAGE.—In speaking of the result of the late election in San Francisco, the Examiner indulges in the following refined language:

The election is over, and we have done quite as well as we expected. The Germans, darkies, Puritans and scalawags were a little too heavy for us.

Sound Logic for the Sick.
The invalid has often good reasons to exclaim, "save me from my friends." As a general thing, each of them will have a different medicine to propose, and if he follows all their prescriptions in turn, their well meant advice may be the death of him. The only sensible course in any case of sickness is to resort promptly to a specific which has stood the test of a long and widely extended public experience, and obtained on solid and sufficient grounds the reputation of a Standard Remedy. This rank among the restoratives of our day belongs of right, and beyond all dispute, to Hostetter's Stomach Bitters. Let those who are taking it answer for themselves as to its tonic properties. Can any dyspeptic who has ever used it, question its superiority as a stomachic over every other medicine? Can any person of bilious habit, who has ever taken it for liver complaint doubt its efficiency? It is believed among the tens of thousands who are now using, or have heretofore used it as an alterative and corrective, not one can be found who would exchange it for any other preparation in the known world. For intermittent fevers, nervous debility, constipation, sick stomach and all complaints arising from indigestion or impoverishment of the blood, it is the only article which can be conscientiously guaranteed, and no one who is thoroughly acquainted with its virtues will allow interested dealers in worthless slops, on which they make a larger profit, to furnish them in the place of the great vegetable restorative.

If you have a discharge from the nose, offensive or otherwise, stopping up of the nose at times, partial loss of the sense of smell, taste or hearing, eyes watering or weak, feel dull, have pain or pressure in the head, you may rest assured that you have Catarrh. Thousands annually, without manifesting half of the above symptoms, terminate in Consumption and end in the grave. No disease is so common, more deceptive or less understood by physicians. I will send my pamphlet on Catarrh to any address free. Dr. Sage's Catarrh Remedy is now

### Meeting of German Democrats

[illegible] the following is an extract from [illegible] an address [illegible] Democrats [illegible] State of New York [illegible] the 31st August [illegible] portentous political [illegible]

The late events in our German Fatherland have demonstrated what we Germans can accomplish [illegible] united in purpose and work together. There is in our native land the German [illegible] risen in his intellect and strength. There exists for him no North nor South, no Prussia or Bavaria, no Wurtemberg or Baden, but an undivided Germany, and [illegible] Germany [illegible] has now gone forth to war to punish her ancient enemy. Already are Alsace and Lorraine in our hands, and [illegible] treats to protect [illegible] their capital [illegible] The result of this war can no longer be doubted. But to the reason for this call.

Since the beginning of American nationality the Germans in this country, and especially in the city of New York, have been used [illegible] political [illegible] There is a certain class of corrupt politicians who have got control of municipal affairs into their hands. This is largely due to the co-operation of the majority of the Germans with them. In the last State election this party gained a great victory through the efforts of the German element. The promises which that party made us are fresh in our memory, but how have they been kept? What reforms have they instituted? Corruption and infamy have characterized the action of the late Senate and Assembly. Money making was the principal object of these politicians, among them there exists no principle, no virtue, no honor. And how are the Germans represented in the administration of the city and State affairs? We say, according to their numerical strength, not at all.

Who are the leaders of this party, and what are the sentiments they exhibit toward Germans? At Irish French meetings their speeches are full of hate and malice toward us, and in their [illegible] the bands are asked to play the "Marseillaise" repeatedly amid the plaudits of the assembly. This indicates the feeling of the people. The action of this party has been the occasion of this call. We will not be in future the tool of political cliques. We will be free and independent, and give our earnest and full support to that party which will nominate for the respective offices men of honor and honesty, and which will give to us—the Germans—due representation in their nominations. This is our cause. Now to the work, and with determination and energy we cannot fail of success.

A New York paper thus comments upon the meeting:

The meeting was a very enthusiastic one and the opinion was generally expressed that out of this beginning will spring the largest and most powerful political organization ever formed by the Germans in this country. Most of those present have heretofore voted the Democratic ticket, but they declare that they have done it for the last time. The committee will at once enter actively upon their work, and those who have an extensive acquaintance with the German population feel confident that they will meet with warm co-operation from all the Ward Associations. As one speaker expressed it amid tumultuous applause: "A few years ago no one would have believed that the Germans would vanquish the most formidable military power of Europe. Just as every one has been astonished at the results accomplished when all the districts of Germany rose at once against a common enemy, so all will be surprised at the effect which will be produced when the Germans of the 21 Wards of this city rise altogether and make common cause with the party which has been true to their rights and stood by their nation in their hour of trouble."

### FINANCE AND COMMERCE

PORTLAND, Sept 15

Trade in all departments may be reported lively—business is good. The principal changes to note [illegible] are in agricultural goods. In this line there are full stocks. The hardware trade is fair, with no particular changes to note in prices except a tendency to appreciate. No changes.

The grain market is quoted at [illegible] below. The greatest difficulty seems to be experienced in getting wheat in market at the present time. One firm in this city, Mr G W Vaughn, has over 18,000 sacks in the valley now, and the demand is for more. One of his agents, writing under date of the [illegible] th, says of affairs in [illegible] county:

"If the weather continues good harvest will be over in about a week, when hauling will be commenced in earnest, and I think farmers will be compelled to sell then for want of room in the warehouses. The price now offered for wheat in Dayton is 70 cents, no agent deviating from that figure. No price has been fixed on a single bushel—in fact no sales to amount to anything have been made since the price dropped below [illegible] cents, which was a week ago last Monday. However I see a disposition to sell at 70 cents as soon as they have time to haul, and I could engage at that, but this I have refused to do unless they would let me [illegible] immediately."

### THE RIVERSIDE

## HOMESTEAD ASSOCIATION!

EAST PORTLAND, OREGON

IS NOW PREPARED TO RECEIVE SUBSCRIPTIONS for Stock.

Application for ONE HUNDRED SHARES was made before the books were opened and a large number of shares has since been taken.

The following extracts from the *Oregonian* and *Bulletin* will give a good idea of the plan and workings of the Association, the location of the land, etc.

### RIVERSIDE HOMESTEAD ASSOCIATION.

This association, of whose organization we gave an account a few days since, is now ready to dispose of shares. As it is, with one exception (the Portland Homestead Association), the pioneer organization of that kind in this city, it may be well enough to state what are its purposes and the manner in which it is proposed to conduct its operations. The purposes of these Homestead Associations are not at all speculative in the ordinary sense of the word. They are dependent for the profits of their investment upon the natural advance in the value of their lands consequent upon the co-operation of many individuals—shareholders—and the advance on values of all surrounding lands by reason of the expansion of population and demand for room outside of but still near the city. The Riverside Homestead Association has a fraction over one hundred and twenty acres of land situated just south of Brooklyn on the east side of the river, the nearest boundary line being about one mile from the ferry landing at East Portland. The tract lies in one strip along the Wallamet river half a mile in length and another strip along the Oregon and California railroad half a mile in length, the two strips being connected near the middle by two rows of blocks with a street between them, the whole forming a figure not unlike the letter H. It is divided into 74 blocks 200 feet square (with streets running at right angles) and 80 fractional lots along the river front. The shares number 600, worth $50 per share. It will be seen that a share thus represents nearly a lot with an undivided interest in the 80 fractional lots. The 80 fractional shares are to be sold off at the proper time for the benefit of the Association, shareholders coming in for the proceeds in proportion to the number of shares held. When all shares are taken and the Association shall determine to do it, the choice of lots and blocks will be put up at auction to the highest bidder, the proceeds of such sales after deducting the original price of shares or lots to be divided equally among the whole number of shares. Thus, if a person wants a particular lot or block and is willing to pay $100 or $500 premium (more or less as the case may be) he pays it and takes the lot or block as his individual property, the premium being divided among the whole number of shareholders. It will be seen, therefore, that everything is co-operative, and all interests mutual. No man can make a dollar out of it without also making a dollar for every other equal shareholder. There is no chance for loss, unless the property by some chance, should depreciate far below the first actual cost. Whether this is liable to happen in the case of this particular tract of land must be judged by each for himself, but considering the steady and unprecedented advance on real estate in this city and neighborhood and at East Portland and vicinity, for the last year or two, it seems hardly possible for values to go back.

In the Riverside Association all proper precautions seem to have been taken to guard against monopolies of shares. No person is allowed to buy more than the number of shares representing three blocks, or twenty four lots, and votes determining the operations of the Association are restricted in the same manner. The buyers of shares may pay down $50 per share, which will exempt them from all assessments, or they may pay $15 quarterly with an assessment of $1 per share, payable with the first installment, being liable in this latter case to another (and only one other) assessment of $3 per share. Upon the payment of the shares in full, with the assessments as above, the holder is entitled to his certificate and his proportion of all the profits accrued from all sources. No officer of the Association receives any pay for services except the Secretary, who gets $25 per month, so it will be seen that the expenses must be light.

That part of the tract lying along the river is a high plateau, nearly level, about 60 to 90 feet above the water. There is no part of the front row of blocks but commands a splendid view of Portland and the river for miles up and down stream. That part of the tract lying along the railroad is, every foot of it, of the richest loam soil and adapted to gardening purposes. A beautiful little stream of pure water runs through almost the entire length of this wing of the tract affording the means of irrigation, and power sufficient to supply pure water to every part of the whole tract. There is not a waste lot or fractional in the entire tract. Under all these advantages it would seem impossible that there should be any chance of loss to shareholders. Within a year each shareholder, if he choose, may get a perfect title to as many lots as his shares may represent, or he may continue his interest, undivided, with the Association while the organization may exist.—*Oregonian*.

### THE RIVERSIDE HOMESTEAD ASSOCIATION.

We have been led to make these remarks from the fact that the subject of making homesteads on the outskirts of this city and East Portland is being thoroughly discussed [illegible] among all classes and one homestead—the Riverside—just south of East Portland has already been established. The site selected is a tract of land lying a little over a mile south of the ferry landing. It is shaped like the letter H, one side of which, a half mile in length, borders on the river.

From that portion of the homestead which is elevated but a trifle above the [illegible] prong of the H, but is fully forty or fifty feet above the river, can be had an extensive view of Portland, East Portland, the shipping and the Willamette river for several miles. The land is very fertile and is partly covered with light fir timber. A tract of land just wide enough for two rows of blocks with an avenue between them connects the west prong of the H with [illegible] the east. This last tract of land is [illegible] beautiful little valley [illegible] in a high state of cultivation [illegible] length [illegible] water [illegible] With a hydraulic ram [illegible] pure water [illegible] to every [illegible] portion of the homestead.—*Daily Bulletin*.
